The screenshot shows a web application interface for reservation management. The main content area is titled '예약상단 관리' (Reservation Management). Below the title, there are search filters and a '검색' (Search) button. A table lists reservation records with columns for '예약번호' (Reservation No.), '예약명' (Reservation Name), '예약일자' (Reservation Date), '예약시간' (Reservation Time), '예약상태' (Reservation Status), and '예약비율' (Reservation Ratio). A red box highlights a row with the following data: '예약번호: 2024-01-01-001', '예약명: 2024-01-01-001', '예약일자: 2024-01-01', '예약시간: 09:00', '예약상태: 예약완료', and '예약비율: 100%'. A red arrow points to this row with the text '예약 확인!' (Check reservation!).
